Please don't litter

# A smart border for smart drivers

Let's cross Brexit together

# New formalities for crossing the border

## If you are transporting goods either for export, import, or transit

Make sure you carry your International Consignment Note (CMR), your driving license, the vehicle documents, as well as the Master Reference Number (MRN) (document with barcodes originating from a customs declaration)

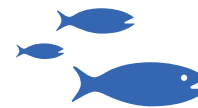

## If you are transporting sanitary or phytosanitary (SPS) goods

You will be subject to a documentary check and possibly a physical check of the goods you are transporting

## If you are transporting fishery products

Make sure you have a specific authorisation. You can also be subject to a customs check.

## If your HGV is empty

You will only need your driving licence as well as the vehicle documents

**T**he United Kingdom left the European Union on February, 1st, 2020. Until December, 31st, 2020, nothing changes for you.

From January, 1st, 2021, border crossing procedures will be impacted by new customs formalities and checks to be carried out.
